**PERMISSION/COMMITMENT SLIP**

I, \_\_\_\_\_, understand that the Entrepreneur 101 program is geared towards a career in the foodservice industry or continuing education at a culinary school. I am aware that the class is a combination of classic culinary arts training and classroom instruction on skills such as food safety, culinary math, and guest relations. I am willing to put forth effort in all areas of the curriculum. I understand that some after school commitment will be required throughout the four years of the program and am willing to participate in those activities.

I understand that, in enrolling my child in the E-101 program, they will be working in a commercial kitchen environment with the tools and equipment that is standard to the restaurant industry (i.e. fryers, knives, grills, stoves). I understand that some after school commitment will be required throughout the three years of the program and am willing to allow my child to participate.
